## This Week

**Art Exhibition:** We are holding our Art Exhibition in the Studio on the evening of Thursday 17th October from 5-7pm. Work by all our students will be on display and everyone is welcome to join us. There will be refreshments and live music.

**Macmillan Coffee Morning:** Thank you to everyone who supported our coffee morning last Friday. We raised a brilliant £174.90 for Macmillan Cancer Support!

**Start/End of Day:** Thank you to everyone for your support of our new start and end of day timings and procedures, dropping off and collecting students on time. It has been wonderful to see students being able to settle down quickly to lessons in the morning.

**World Food Day Food Bank:** We are having our World Food Day "Bake Off" event on **Friday 25th October**. As part of this, we are once again collecting non-perishable food to donate to a local food bank. If you would like to contribute, please send in any sealed food items (with at least six months left on their expiry date) in the **week beginning Monday 21st October**.

## Headteacher's Award Winners

**Oscar D, Mountaineers:** Making an amazing Science Week scrap book.

**Rameez, Covers:** Giving everyone a musical instrument during sensory drama.

**Abdullah, Callum, Seena & Oscar M, Adventurers:** Working brilliantly with their partners on a Numicon investigation.

## Yoimoji of the Week: Jazzle

Jazzle is a creative zebra. We are using "Yoimojis" in our Assemblies, to help with learning and celebrating OFSTED's Fundamental British Values.

Yoimoji is a blend of the Japanese words "yoi" (good) and "emoji" (slang for character.) You can see our Yoimoji posters on our website's news pages.

**Jazzle is creative.**

**I'm full of new ideas.**

It's great fun coming up with different ways to do things and express myself.

## Letters Home

No letters home this week.

## Class News from Balloonists

We have had an exciting start to the Autumn Term in Balloonists Class! We started our new topic 'Moon Zoom' with lots of fun and different learning activities. We have also been enjoying getting to know each other and our new adults with plenty of 'All about me' activities. We have been learning about space through exploring planets, the moon, creating our own rockets and even our very own alien crash site in school!
