Class News from Beech Class

Beech class has been learning all about dinosaurs this term! Our highlights so far include finding a dinosaur nest, going on a dinosaur hunt and pretending to be palaeontologists discovering an iguanodon footprint. We have really enjoyed exploring outside to find materials to make a dinosaur habitat, thinking carefully about what a brachiosaurus might like to eat and drink, and we had lots of fun rescuing our dinosaurs when they got trapped in ice eggs. We've been asking lots of questions about what we'd like to know about dinosaurs and we can't wait to find out more!

Class News from Chestnut Class

Chestnut have had so much fun starting to learn about Dinosaurs over the last couple of weeks. We have hunted for dinosaurs in the garden and fossils in the sand. A dinosaur came to visit us last week and we have made lots of choices using photos and ALBs.
