This Week

Message from Helen: Thank you everyone who has filled in our survey monkey around home learning. Many of you would like more things sent by email and so teachers will be sending more activities by email as well as continuing to put them on e-schools. There was also a request to see SSA's in the class Zoom meetings so teachers will be encouraging them to join, their own commitments permitting. Some parents have found now / next cards helpful as well as visual timetables. If this would help you at home, please let your child's class teacher know and they will organize it for you. Thank you too for some useful websites these included Barnado's moving forward and Springboard virtual sessions. More will be coming via teachers.

Thank you also for all the positive comments both to us and to each other. I have included two below:

"We can 'teach' the smallest life skill and remembering it will add value to the life of our children and their independence. We should never forget that or feel overwhelmed at having them home. Have fun. Relax. Enjoy this extra time with them."

"I can say your child will learn from you no matter what."

The survey monkey is still open so please do contribute as it helps us to know how to support you. The link is <https://www.surveymonkey.co.uk/r/NY7VNKL>

Enabling Families Flyer: We have been asked to send home the attached Enabling Families flyer.
