

# Yoimoji of the Week

Jayden was motivating his friends to come into class this week.

Seth has been motivated to join in with his learning, exploring his resources and communicating his ideas.

Austin has been motivated to communicate and engage in school.

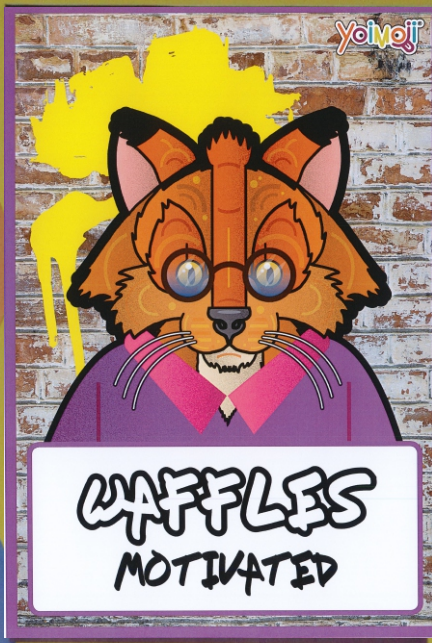

Clayton has been motivated to communicate with his friends and help them count during our Maths learning.

Katie was motivated to create her beautiful stain glass window picture.

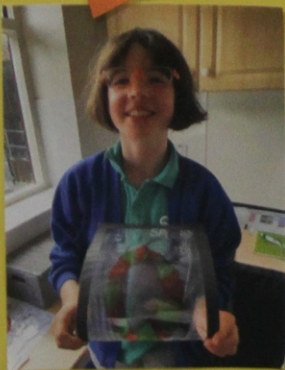

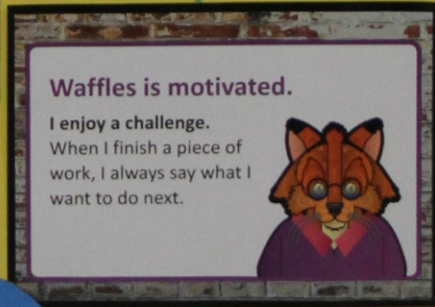

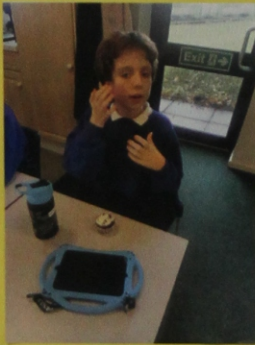

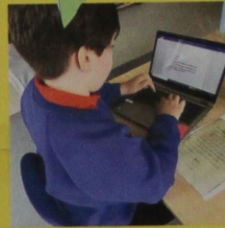

Skye has been really determined to be as independent as possible moving around the room in Cavers class and exploring during both play and lessons.

Sarah has been making continued effort to make good choices and stay on track.

Summer is always motivated to do her best in everything she does.

Bobby has been motivated during this topic to complete his work to his best standard. Bobby created a diary entry about someone who was living with the Plague and used a quill pen to create a front cover. He typed his diary entry once it was written up.

# Waffles the Motivated Fox
